

Beyond Science

Ideological Alternatives to the Enlightenment

by Ben Huot

When deciding which way area to study when you realize that Science is too powerful, don't limit yourself to my combination of Philosophical Taoism, Neo-Confucianism, and Christian Existentialism

Major World Traditions

partially to fully compatible with the Bible and Biblically OK to study

Most people divide religions and philosophy between East and West, but the major distinction now is between traditional and modern belief systems. A true geography based division would be between Chinese, Indian, Middle Eastern, and European systems.

Chinese	Indian	Middle Eastern	European
Confucianism	Hinduism	Islam	Existentialism
Philosophical Taoism	Theravada Buddhism	Judaism	Christian Mysticism
Zen/Chan Buddhism	Sikh Faith	Eastern Orthodox	Christian Idealism
Neo-Confucianism	Jainism	Islam (Sufi)	Christian Skepticism
Legalism/Realism		Bahai	Christian Other Worlds Theory
